

Year 3: The Prehistoric Age

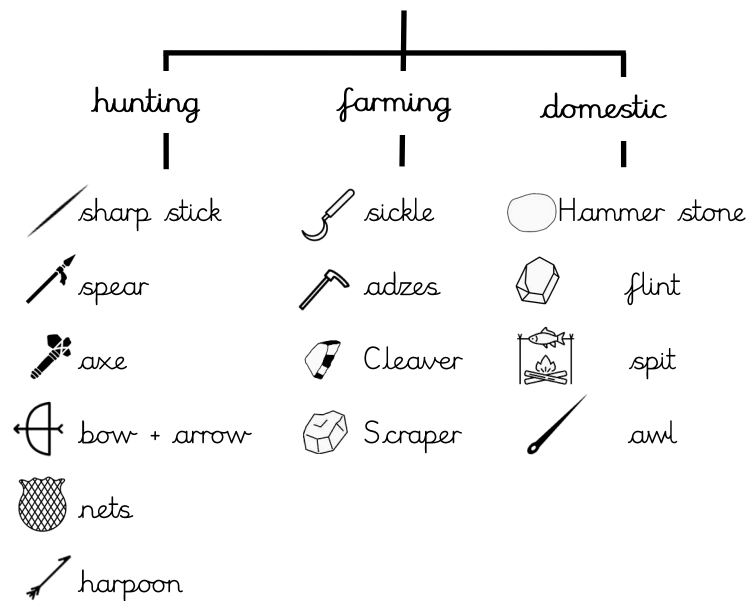

How did our Human History all begin?

Timeline of Human History

Prehistoric Tools

Changes within the Prehistoric era

	Paleolithic (old)	Neolithic (new)
home	nomadic, migration, small groups caves, huts, tents	settled in villages community lead by chiefs brick and stone houses.
food	hunter gatherers (berries, plants, animals)	farmed meat from domesticated animals, crops
clothes	fur and animal skin	woven linen tunics
tools	simple (hand axe, spear)	advanced (sickles, knives)

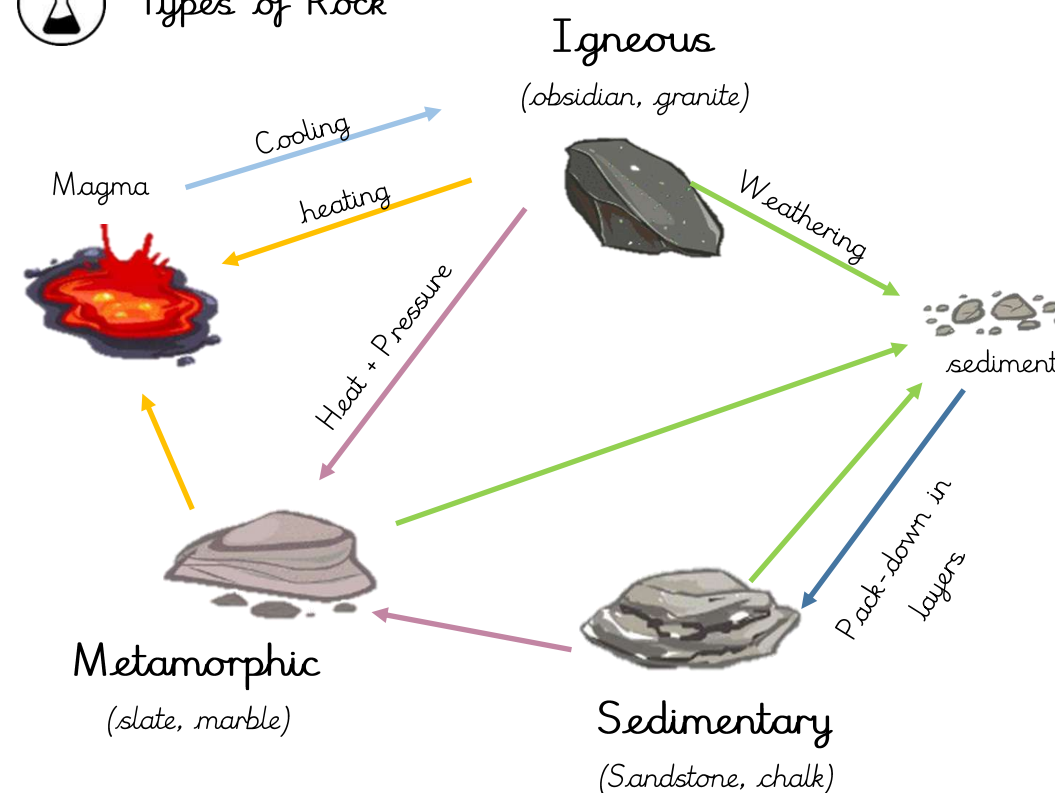

Stone Age settlements, monuments and remains in Great Britain.

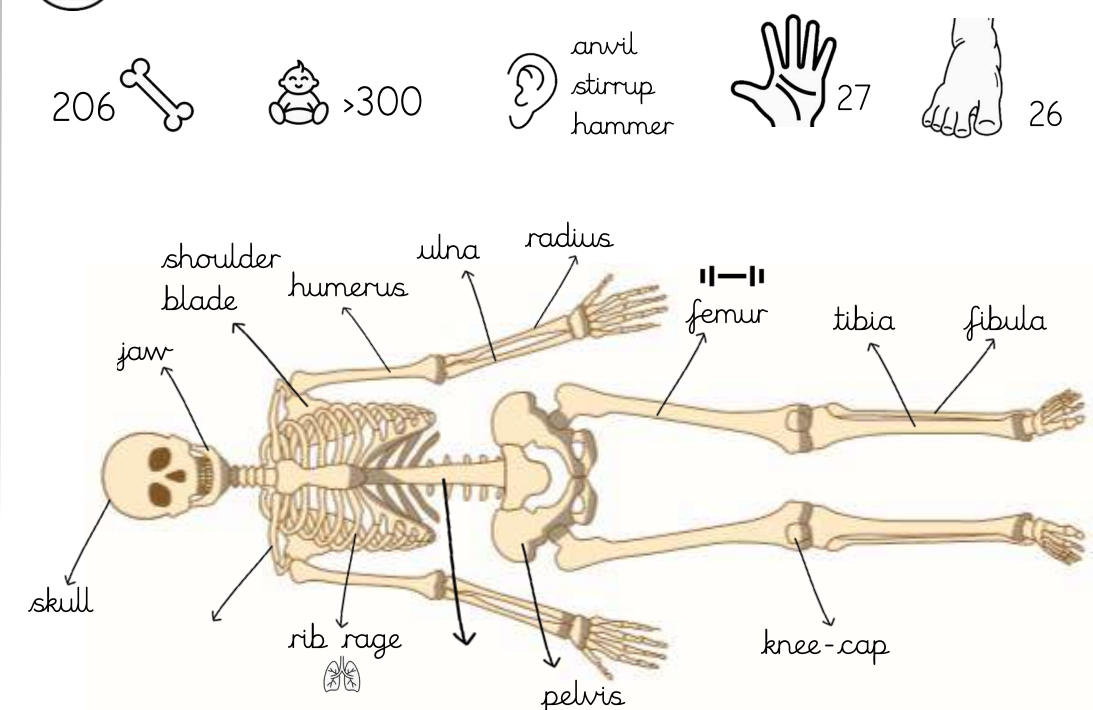

A branching database sorts through data using closed questions.

Types of Rock

Human Skeletal system

The books we'll use to support our "Prehistoric Journey" topic are:

The First Drawing by Mordicai Gerstein

In 1994, the Cave of Chauvet-Pont-d'Arc was discovered, filled with the oldest known drawings in existence at that time, made 30,000 years ago. In that same cave, prehistoric footprints were discovered: those of an 8-year-old child and a wolf. From these astonishing facts, THE FIRST DRAWING was born. This story explores the importance of cave painting and the power it gave to prehistoric tribes!

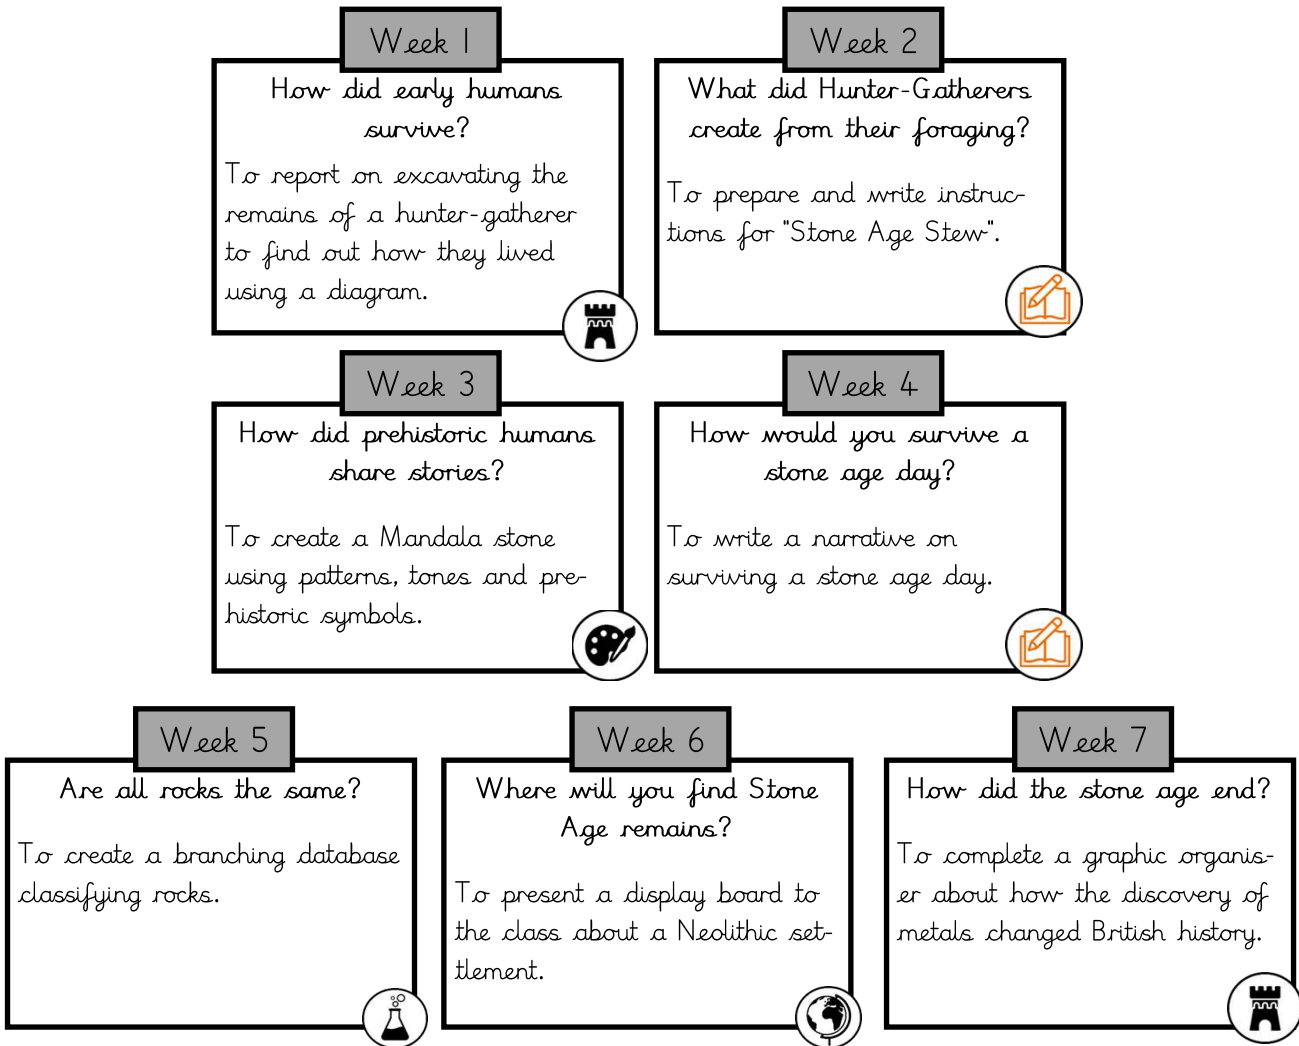

The Wolf's Song by Saviour Pirotta

In "The Wolf's Story," embark on a heart-warming journey with Wolfy, the misunderstood wolf. Through his own words, he narrates his life, hoping to change the forest animals' perception. This tale of friendship and empathy unfolds, showing the transformative power of understanding and second chances in the enchanting woods.

The questions and outcomes we'll cover are:

Key vocabulary

Tribe 	A large family or other group that someone belongs to .	Settlement 	An area where people come together and live.
Agriculture 	A both growing and harvesting crops and raising animals, or live-stock.	Artefacts 	A ornament, tool, or other object that is made by a human being.
Neanderthal 	A type of human who lived over 30,000 years ago.	Source 	A place where we get information from.
Prehistoric 	A time before humans began to write down about their life.	Utensils 	A tool that you would use in the house to perform a job.

Key skills we'll be building on:

In computing, we will use databases and branching to classify groups of rock types using yes or no questions.

We will be studying the many re-mains of the Stone Age across Great Britain, including the first transports ever made and how dif-ferent humans travel nowadays through field work.

Explaining rules and why they are dif-ferent in various settings and for dif-ferent ages. We will be exploring our relationships and how to keep them healthy.

We will be carrying out scientific enquiries about our skulls and hu-man bones, comparing them to the Stone Age Neanderthals.

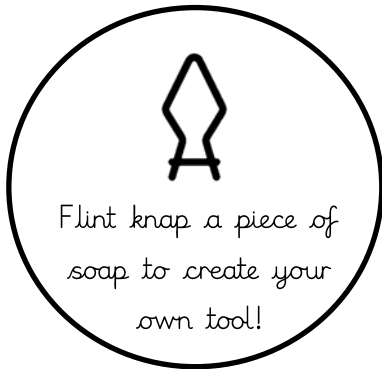

Why not try this at home?

Discover which animals roamed the Earth during Prehistoric times and create a mask!

Make a model of Stone Henge

Flint knap a piece of soap to create your own tool!
