

KSI- A Trip To Kenya

What is life like in urban and rural Africa?

There are rural and urban areas in Kenya.

urban

rural

near cities

outside of cities

higher population

lower population

service jobs

farming, fishing

modern lifestyle

traditional lifestyles

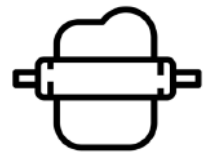

Making a traditional clay pot

Sculpting: techniques

squeezing

rolling

pulling and pinching

smoothing

Kenya is a country in the east coast of Africa

capital city

city

river

lake

mountain

national park

Flag of Kenya

Population: 53 Million

Average Temperature: 29 C

Currency: Kenyan Shilling

Popular languages spoken: Swahili and English

Human and Physical geographical features

Human

Nyali Bridge

I&M Bank Tower

National Heritage House

monuments

Physical

plains

Mount Kenya

forests

swamps

Lake Turkana

Creating a fruit kebab

You will need:

Knife

Skewers

Cutting board

Fruit

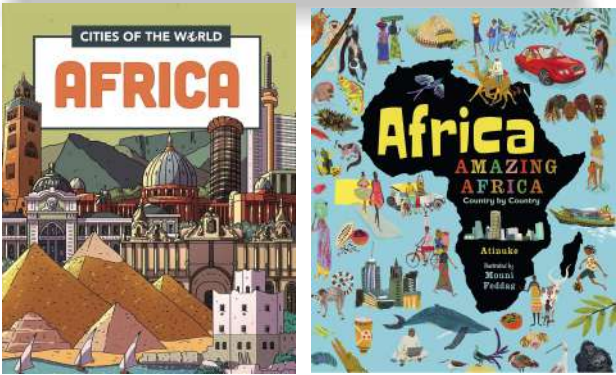

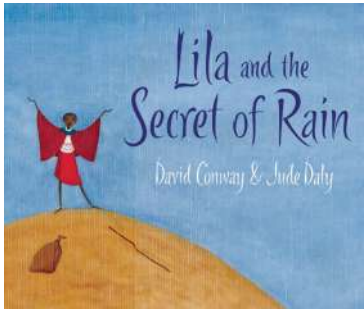

The books we'll use to support our "A Trip To Kenya" topic are:

Lila and the Secret of Rain by David Conway

The sun has baked Lila's Kenyan village. Without rain, the crops will fail. Lila is so worried that when her grandfather whispers to her the secret of making the rain fall, she decides to do something about it.

Cities of the World: Cities of Africa

Cityscapes draw in the reader with facts about the iconic buildings that help to shape each city's unique identity. Data-packed pages give the essential details about each featured city, including where to go, what to do and things to eat on a visit, as well as information about the city's history.

The questions and outcomes we'll cover are:

Week 1

What is the weather like in different places?
To show weather changes on a map of Kenya.

Week 2

What does Kenya look like?
To show physical and human features in a table.

Week 3

How can we innovate a story to make it our own?
To perform our talking story by adding actions.

Week 4

What is the secret of rain?
To write our own version of Lila and the Secret of Rain.

Week 5

How can we celebrate the rain?
To create a fruit kebab.

Week 6

How can we make traditional pottery from Kenya?
To create a traditional Kenyan clay pot.

Week 7

What was the highlight of the school trip?
To write a recount of our trip.

Week 8

Where will our next journey take us?
To prepare for my new class.

Key vocabulary

Human geography

where people live, what they do, and how they use the land.

Texture

how something feels.

Physical geography

what makes up the natural land.

Sculpture

Art made by shaping or building something

Similarities

things that are the same.

Seasons

Different times in the year with different weather. Autumn, Winter, Spring and Summer are our 4 seasons.

Continent

A big area of land on Earth with countries in it.

Tools

Things we use to help make or build.

Key skills we'll be building on:

In RE, we will continue to explore the religion of Islam. We will learn more about the Qur'an, why it is important and how the Night of Power is a significant event.

In Life Skills and PHSE, we'll show an Understanding of how pedestrians walk on the pavement and vehicles travel on the road and be rehearsing the stop, look, listen and think sequence.

In Geography, we'll be exploring Kenya and weather patterns. We get to compare a city in Kenya and London to look at similar and different human and physical features.

In Art, we will explore traditional cultures in Kenya. We will use sculpting techniques by squeezing, smoothing, rolling and pulling using clay to make a traditional clay pot.

In PE, we are working on our athletic skill. We will practice our skills in running, jumping, throwing along with working in a team.

In Design and Technology, we will think about food and hygiene to make fruit kebabs. We will get to peel, cut and prepare the skewers to then enjoy!

Why not try this at home?

Research which food grows in Kenya and what food is served in their restaurants or homes.

Plan an African Safari and explain which animals you would see,

Plan a holiday to Kenya! Think about where you'd stay and where you would visit.
